

NOTICE FOR OUR MEMBERS AND GUESTS

14 December 2021

MOVING FORWARD

Club Jervis Bay is a people-first culture. We have, and will always prioritise the health, safety and well-being of our staff, customers, and local community.

As a community-spirited hub within the Jervis Bay region, we continue to follow the advice passed down from NSW Health and our industry body, ClubsNSW to provide a safe environment for our community. These measures have included implementing temperature checks, additional cleaning, and hygiene practices, and welcoming those members who have not visited restricted areas.

From 15 December 2021, as announced by NSW Health under the new Public Health Order across our state will see all people, vaccinated or not, welcomed back into Hospitality venues.

Whilst this Order is not enforced for Hospitality venues, after discussions with the Club Board and Management team and being led by our values of inclusion and resilience, we are pleased to say we will be adopting this order.

We pride ourselves on creating a relaxed, safe, and welcoming environment for all our members and their guests; we are a family friend who truly cares for our people. We continue to take this lead by following the recommendations of our chief health professionals and adapting to changes through calm and deliberate actions, placing safety first.

Our commitment is to continuously review the Public Health Orders and our resulting decisions through compassion and sustainability as we turn to this next chapter as a community. For now, we look forward to welcoming back all persons into our Club on the Bay as of 15 December 2021.

Best regards,

For, and on behalf of, The Board of Directors

John West

CEO
